Secretary or President of
Amer. Numismatic Society

Dear Sir:-

I have a number of silver coins mounted in two cabinets, One containing about a hundred (100) pieces of foreign coins, both Oriental and European. The other holds about 60 pieces from various countries in the Americas. About 25% of the total are about dollar sizes.

I would like to dispose of this collection for what it may be worth, and if any member of your society are interested I will be glad to show them at any time by appointment via Telephone Midwood 8-6245 or by letter.

yours very truly
Carl Johanson
